

Service Stations for Plate Heat Exchangers in Marine Application

Worldwide 2015

We are there when you need us

With a global network of locations and round-the-clock service availability GEA is at your disposal anytime, anywhere.

Global Help from an Experienced Source

You have a reliable and direct contact around the clock in GEA and its EcoServe After-Sales & Service for plate heat exchangers. From assembly, maintenance and replacement parts to preventative measures such as innovative leak testing, we offer a very broad range of services and stay in close contact with our customers. As the leading specialist for plate heat exchangers of all kinds of brands, we have a worldwide service network available to our customers around the clock and also offer careful maintenance of other makes.

Available at short notice, always on time, well-founded technical expertise: GEA is your service company that makes sure your systems operate at maximum efficiency and availability. Additionally, our customers profit from multiple synergies inside GEA Group and the experience of our technicians with their world-class training. We are happy to advise you concerning the refurbishment or expansion of your existing equipment and will ensure precise, careful assembly. Furthermore, with our proactive, forward-thinking leak testing we offer preventative service that lets our customers play it safe.
